

Shri Ramdeobaba College Of Engineering And Management, Nagpur
Department Of Computer Application
MCA Student's Society Installation programme 2023-24

- The installation programme was graced by the presence of Dr. Ritesh Vijay. He is a Senior Principal Scientist and the In-charge of Waste Water Management at the esteemed CSIR-National Environment Engineering Research Institute (NEERI) in Nagpur.
- Chief guest, Dr. Ritesh Vijay , delivered an inspiring speech on "The Advancement of AI/ML , Liquid waste management with resource recovery in terms of decentralised STP and Applications of remote sensing and GIS." He focused on encouraging the young generation to understand the environmental causes and highlighted the importance of innovation needed in the field of Environmental Science.
- Dr. Vijay shared an impressive example acknowledging the power of GIS in understanding, combating multiple environmental and societal challenges , where he and his team prepared a GIS based maps for efficient visualization of COVID situation in India.
- He explained his area of research i.e, liquid waste management through decentralized shallow sewerage and sewage treatment plant ,in-situ nallah treatment and rejuvenation of waterbodies ,urban noise pollution and application of geopatial tools in environment science and engineering.
- In conclusion, Dr. Vijay provided valuable insights, including the distinction between being inspired by something and actively pursuing it, the significance of acquiring domain skills, gaining experience through hands-on involvement, and the importance of utilizing freedom with limitations for personal growth and success.
- Dr. Ritesh Vijay's lecture was enlightening, inspiring the students to foster innovation, cultivate an environmental mindset, and seize current opportunities.
- The inaugural function concluded with a vote of thanks delivered by Nishtha Martha, Vice President of SRC. Yashpreet Singh and Mrunal Barade compared the inaugural event.
