

RCOEM upgrades into university

Dr S S Mantha appointed chancellor

LOKMAT NEWS NETWORK
NAGPUR

In a significant step towards excellence in education, Shri Ramdeobaba College of Engineering and Management (RCOEM) has transformed into Ramdeobaba University (RBU) effective from the academic session 2024-25. This was stated by the founding president and newly appointed chancellor of RBU, Dr S S Mantha here on Tuesday.

An esteemed academician and visionary leader in the field of education, Dr S S Mantha told mediapersons that this transformation marks a pivotal moment in the journey

Dr S S Mantha

Dr Mantha's contributions & achievements

- Served as chairman of AICTE
- Specialisation in Robotics
- Doctorate in 'Combustion Modelling'
- Has won prestigious 'Best Teacher' award from Maha government in 2002

of the institution as it will enable the management of RBU

An esteemed academician and visionary leader in the field of education, Dr S S Mantha told mediapersons that this transformation marks a pivotal moment in the journey of the institution as it will enable the management of RBU to take its own financial decision, introduce new branches, decide its own curriculum according to the demand of the industry and also appoint its own fee committee.

The institution will also invite experts from various other universities and industry organisations to devise the syllabus, he opined.

“Becoming a university symbolizes our progress and maturity as an academic entity. We eagerly anticipate offering enhanced avenues for learning, research and community service to our students and the wider community.” Dr S S Mantha stated.

The university is set to offer a comprehensive array

of programmes designed to equip students with cutting-edge skills and knowledge which include 36 undergraduate programmes embracing the latest technologies and 36 postgraduate programmes.

Ramdeobaba University is also committed to fostering industry-relevant skills among its students, Dr S S Mantha informed.

In line with this commitment, the university will offer

a range of online value-added courses also tailored to meet the skill requirements of regional industries.

Additionally, certification and diploma-level courses will be available, providing avenues for continuous learning and career advancement. The university will also continue to foster partnerships with local businesses, government agencies, and non-profit organisations to address press-
