

Introduction

Music Club is one of the oldest clubs of the college which has been successful in attaining a strong base and foundation in the college. It was established in the year 2008 and is currently active in the college under the mentorship of Prof. H.D.Bhave who is the teacher-in-charge of the club. The club has been active in various cultural events conducted throughout the year in college such as Aaruni, Pratishruti, even events like NAAC, IEEE, Alumni Night as well. Apart from this the club has been constantly performing on Republic Day, Independence Day and even Janmashtami in Ramdeobaba Mandir. Music Club performs in Gyanodaya for felicitation of the event every year. Basically, all the musical performances inside the college are looked after by Music Club. The club also plays an important role in supporting the members for various competitions such as University Trials and other Youth fests held in various parts of the country.

Music Club has a large inventory of instruments from different genres of strings, keys, percussion etc. providing members an opportunity to explore different styles and categories of music. The club performances throughout the year covering various genres such as classical, fusion, metal. Although club has currently 120 plus active members it provides equal opportunities to each member of the club.

Objectives of the Club

- To nurture and explore the talent amongst the members of the club.
- Concentrate on individual as well as overall development of the club.
- Take the college to achieve new heights of music by representing college in various inter college events.
- Organize workshops for students based on music for improving their understanding of music.

Club Activities

- Music club ensures that each member of the club gets equal importance and exposure to various performances and a chance to rectify his or her mistakes. In order to do this club has come up with the concept of 'WEEKLY LIVE', an event conducted inside the club on a weekly basis, where all the members of the club perform whatever they have prepared in the previous week. This ensures that a platform is provided to every member for improvement on weekly basis.
- Apart from this the club is active throughout the year and open to random jamming sessions inside the music room (MB 0/3).
- Apart from the cultural events club also ensures that it gives its major contribution to its performance in inter-band competitions across the city.
- The club also gives its contribution to various open-mic events, that take place throughout the city the entire year.
- The music club also has its own YouTube channel named 'music club rcoem' and an Instagram page named 'music_club_rcoem' open to all for experiencing some of the performances by the club in the past.
