NAGPUR**

PHOTOGRAPHY CLUB

Annual Club Report (Academic Year 2022-23)

INTRODUCTION

The Photography Club of RCOEM, under the expert guidance of **Dr. Lokesh Heda**, Faculty Coordinator, has continued to flourish and make its mark in the academic year 2022-2023. This club stands as a testament to the fusion of art and technology, where students come together to express themselves through the lens of a camera.

Our club is not only dedicated to capturing the essence of life through photography but also actively contributes to the technical and non-technical events within our college. Beyond the boundaries of our institution, we have enthusiastically participated in various events in Nagpur, showcasing our passion and talent to a wider audience.

In the spirit of inclusivity and diversity, our club boasts an active membership of 50 students, hailing from different branches and academic years. This blend of perspectives and backgrounds enhances our creative process and brings out the uniqueness in each member's work.

Gaurav R. Singh served as the Photography Club Coordinator during the tenure of 2022-2023, providing invaluable leadership and inspiration to our club members.

In this annual report, we will delve deeper into our club's activities, achievements, and contributions throughout the year. It is a testament to the dedication and creativity of our members, as well as the unwavering support of our faculty and the college community as a whole.

PHOTOGRAPHY CLUB ACTIVITIES

Pratishruti'23

One of the highlights of the year was our participation in central India's largest cultural festival, "Pratishruti RCOEM." This event provided an incredible opportunity for our members to capture the essence of the festival using the latest high-end equipment, including gimbals, drones, mirrorless cameras, and a powerful 600mm camera lens. Our club members had hands-on experience, enabling them to experiment with cutting-edge technology in the field of photography.

Aaruni'22

We were proud to be a part of the event "Aaruni," where we captured the energy, emotions, and moments that made this event memorable. Our club members worked tirelessly to produce stunning visuals that not only documented the event but also encapsulated its spirit and vibrancy.

Induction' 22

Our club actively engaged in the induction program, where we introduced new students to the fascinating world of photography. The induction session was led by Gaurav R. Singh, Photography Club Coordinator. The session commenced with an exciting after-movie of "Pratishruti," setting the stage for a captivating discussion with students and club members. We discussed the numerous perks, learning opportunities, and experiences that the club offers. Students enjoyed participating in caption contests and other creative activities. The session concluded with a heartfelt vote of thanks.

Picasso

Picasso was an intercollegiate Photography competition organized by The Students' Representative Council and Photography Club Rcoem in Central India's Biggest Cultural Fest Pratishruti '23. Participants from various colleges demonstrated their mesmerizing photographic skills.

Involvement in Cultural and Non-Cultural Events.

Throughout the year, the Photography Club remained an active presence in both cultural and non-cultural events within the college. Our members were on the front lines, capturing the essence of each event, whether it was a cultural festival, sports competition, or a seminar. Our dedication to covering these events added value to the college community and helped us to showcase our skills and passion for photography.

Photowalks

Photowalks have always been an essential aspect of our club's activities. This year, we organized various photowalks, giving our members the opportunity to explore different locations, experiment with photography techniques, and appreciate the beauty of our surroundings. These outings not only expanded our horizons but also brought our club members closer together through shared experiences.

As we reflect on the year's accomplishments, I want to extend my gratitude to every member of the Photography Club. Your enthusiasm, dedication, and creativity have been the driving force behind our achievements. We look forward to another year of capturing the world through our lenses and creating memorable experiences.

Let's continue to grow, learn, and inspire through the art of photography. Together, we will make the coming year even more remarkable.

The Photography Club Photograph.
